SIR,

With reference to your letter No 2350/Ml. 33-15-20 dated 16th September 1915 forwarding petition from Messrs K Narasimha Sastri, K Lakshminarayana Sastri and others praying for the grant of building sites at a low upset price, in Malleswaram, I have the honor to inform you that I inspected the locality mentioned in the above petition, in company with Mr. H Ramiah, Retired Assistant Secretary and Municipal Councillor The Public Works Department Sub Division Officer of the Sanitary Division was also present. The sites referred to form a portion of the ryots' block which is being laid out by the Sanitary Engineer and are shown in the accompanying blue print by hatching. Each of the 5 rows therein has been divided into 7 house-sites of 30 feet width. Since, from experience, 30 feet width is found insufficient for building fairly convenient houses satisfying sanitary conditions it was deemed expedient to accommodate only 6 houses with a uniform width of 35 feet for each site, in each

So far as I can see there seems to be no objection to the housing of the petitioners in the block referred to. They are anxious to take up the sites at an upset price. The question of allotment of sites and the fixing of an upset price will be discussed in the Town Planning and City Improvement Committee and decided, if my proposal is approved.
